# EXPLORER ALUMINIUM STORAGE DRAWER SYSTEM

WARRANTY  
LIFETIME  
WARRANTY

**SUPER STRONG & LIGHT WEIGHT**

**100% DRAWER EXTENSION**

**SAFE & SECURE LOCK SYSTEM**

**ACCESS UNDER DRAWER WINGS**

The Explorer Aluminium Storage Drawer System has passed all the requirements prescribed by the ADAC and AS/NZS, without any structural weaknesses or degradation of the system to the extent that it would affect the safety of the vehicle occupants or other road users.

Designed from the ground up to establish the way a quality 4WD storage system should be.

Aluminium construction with anodised aluminium components. Super strong, lightweight and lifetime corrosion resistance.

The unique patented "pro-glide" slide runner system and sealed bearings allow for 100% drawer extension & access. The entire drawer comes out further than the frame! No hard to reach items in our drawers and no unpacking of contents to reach items at the back!

**4WD DRAWER SYSTEM**  
AUSTRALIA'S BEST

## TOWING MIRRORS

**Four different mirror positions perfect for any situation**

Fit into garages and tight parking spaces

Perfect for towing camper trailers, horse floats and smaller vans

Perfect for tray backs and wider service bodies

Perfect for towing large vans or wider loads

## TOWING MIRRORS

When it comes to road safety, having full visibility of your vehicle and your caravan, trailer or horse float is paramount. Clearview Towing Mirrors™ extend your field of vision when towing, changing lanes or reversing, to help see you to your destination safely.

Clearview Towing Mirrors™ are designed to take the stress out of worrying about compliance, as towing mirrors are a legal requirement when towing anything wider than your vehicle. From Cape York's Telegraph Track to the Gibb River Road, Clearview Towing Mirrors are purpose-built tough for Australian conditions!

Choose between:

Compact Towing Mirrors feature a large, single convex mirror in a sleek, compact design

Next Gen Towing Mirrors feature a large, single flat mirror above a smaller convex mirror in a sleek design

Original Towing Mirrors are much larger than any standard mirror and feature a huge single mirror above a smaller convex mirror - for serious towing!

## TOWING MIRRORS

The Clearview Next Gen & Compact Towing Mirrors extend out as far as the Clearview Original Mirrors but retract closer to the factory profile of the standard mirrors they replace!

When set to their normal driving position, the mirrors remain unobtrusive during your daily commute when you don't need extended mirrors, or when you need to fit into tight spaces. For a clearer view of your set up when towing or reversing, Clearview's Next Gen & Compact Mirrors extend a full 180mm, extending your field of vision to help see you to your destination safely.
